MADE IN RPGMAKER 2003

## RMN 9<sup>th</sup> BDAY

I have literally no idea why I put a 2019 date in the cover art, since it was made in 2017 for RMN's birthday celebration game jam. That one was fun, we could choose a few self imposed rules from a big pool. In my case I chose the 3 hour challenge. This game was made in 3 hours in Official 2k3. For some reason the executable didn't work for a lot of people, so you can have the editable version.
